Dear Mr Mackal,

Your interesting letter of 1/22/68 has been forwarded to me at our new address by Dell.

I have no time for lengthy reply. What you say is not strange to me. I am interested, particularly on anything along the Lemnitzer line you mention.

There are some things about it I cannot now say but eventually I will. Sorry I'm so pressed for time. Any time you see any documentation, I'd very much appreciate a copy.

Sincerely,

Harold Weisberg
